- *Nonsynthetic White Distilled Vinegar*
 - A new addition to our SummitGro line up is Nonsynthetic Vinegar. A clear, bright, transparent product. The product is prepared in accordance with the best practices under strict sanitary conditions and the Federal guidelines for Organic Practices. It is free of clarifiers, preservatives or other impurities. The odor and flavor are clean and characteristic of white distilled vinegar.
- **Some Uses**
 - *Distilled White Vinegar Concentrate* is classed as a Crop Management Tool and Production Aid. Some examples of uses for *nonsynthetic* acetic acid include but are not limited to drip irrigation cleaner, and stabilizer for liquid fish. Consult with your organic certifier before using this product. Products used on an organic operation® must appear in the organic system plan.
